

XZOMBIE

DEAD ON ARRIVAL

8
HALO
EIGHT

Merging horror and science fiction in a quest for the meaning of unlife, XOMBIE is a unique story about a zombie named Dirge, considered a "quasi Batman of the undead" by his teen and adult fans alike. XOMBIE originally started as a web animated series, but over the past several years, it has developed into so much more. Zombies, robots, mummies, dinosaurs and evil demons — XOMBIE has it all, and as a result, it has displayed an unparalleled appeal to viewers of all ages, tastes, and backgrounds.

SYNOPSIS

What if a zombie had a mind of its own?

Where would it go? What would it feel? Would it, in fact, feel anything at all? What would the world be like without sleep, without touch — trapped in a body that is slowly turning to dust?

XOMBIE is the story of Dirge, a dead man with a mind of his own, who struggles against his posthumous cravings (not to mention legions of the walking dead) to reunite a lost child with her family. With the help of his trusty undead canine, Cerberus, our hero treks across the hostile future wastelands, facing zombified creatures of every shape and size. Can Dirge protect a single child against the unrelenting armies of the dead? Will he discover other zombies like himself? And if a monster (no matter how grotesque) saves a human life, is it really a monster after all?

- Since 2003, XOMBIE episodes have been downloaded over 13 million times!

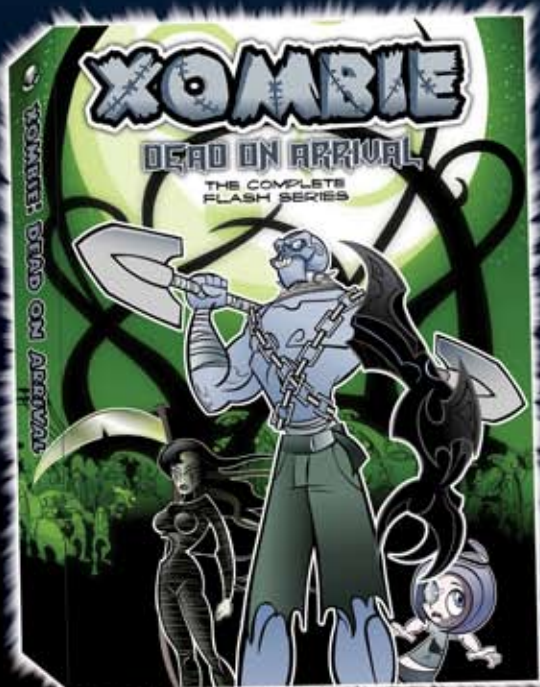

- XOMBIE consistently steals the #1 spot on newgrounds.com for weeks, even months at a time!

- At any one time, the XOMBIE mailing list boasts over 500,000 unique email addresses!

- The XOMBIE Illustrated Novel ranked #4 on Amazon.com's best-selling graphic novels list, just behind 'The Watchmen' and '300.'

- XOMBIE was adapted into a comic book series by Devil's Due Publishing and a line of apparel and skateboards by Fright Rags.

- XOMBIE is currently being adapted into a live-action, major motion picture by a major film studio.
